

I'm going to be Somebody!

by Jeanette Rivera with Tasha Michelle Hayes

- What has stopped you from going after your dreams?
- Is there something that seems to keep getting in the way of what you know is something you'd like to do to better your life?

Bonus Questions:

Is there a church or local place that could help you with the next step to getting what you dreamed about? Remember to only think about the next step, not the whole plan!

Reach UP to God:

God is all about working miracles and helping us be ALL He designed us to be. We can make choices and mistakes and He is still on our team! Pray that He will encourage you forward to the next step towards your dreams! You can do this! Take the next step in faith!
